

Review's loss is Baptist church's gain

The staff of Elk Point Lakeland Review will be reduced by one as of closing time Thursday, May 2, when we bid a regretful farewell to Advertising and Printing Manager John McGregor, who is leaving the rattle of presses behind to expand his duties as Pastor of Elk Point Baptist Church to full time.

McGregor has been with the Review and Lakeland Printing since September, 1983, when it opened under the management of Kathy Howard, and stayed on when the firm was taken over by the present management last year. He is well known for his easy camaraderie and smooth sales techniques, but what most people do not know

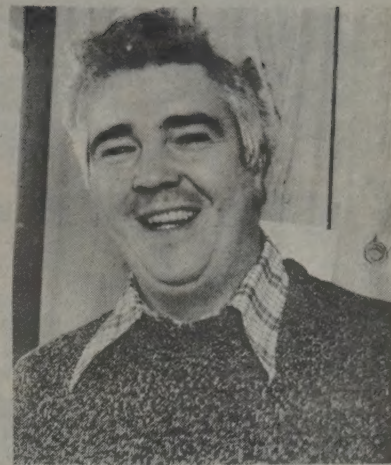

is his skill in keeping the presses rolling and the rest of the staff encouraged and optimistic. He will be sorely missed around the office, and will no doubt receive many phone calls requesting urgent help as the remaining staff take over his duties.

The advertising sales will now become the realm of your editor, while management of the printing department will go to Donna Boothman, who has learned the printing craft under the able tutelage of McGregor. Donna Brooker will be in charge of receptionist duties and classified advertising, as well as setting type for the printing operation.

McGregor has "great confidence" that the changeover will go practically unnoticed as far as production is concerned. "I don't think there will be any problems — you all know what you're doing."

The cheerful Irishman added that he had enjoyed his stint at Landland Printing and the Review — "It has been great meeting and dealing with all the people I have gotten to know because of the business." He assured us all that he will still drop in for frequent visits, and we are sure he will.

But, it will still be just a little bit lonesome around here without you, John...

PASTOR JOHN MCGREGOR — From the press to the pulpit as of May 2nd.

Public health nurses picket in Elk Point

A dozen Public Health nurses huddled in parkas and fighting to hold their picket signs aloft in a stiff breeze marched slowly back and forth in front of Elk

Point Municipal Hospital last Thursday, as their search for wage parity with hospital nurses continued into the fourth week of strike action.

Local 114 Vice President Audrey McMullen shivered under her bright orange sandwich board as she paused to relate the issues of the strike. The PHNs are asking for wages equalling those received by nurses in hospital service, whose basic wages are presently \$1.17 to \$1.48 high than their Public Health counterparts. "We have been falling behind over the last three years, and now feel it is time to catch up," commented fellow marcher Liz Markovich.

Ms. McMullen noted that she and her fellow PHNs have at least as much nursing training as hospital RNs, and added that a special diploma or a Bachelor of Science degree is required for those entering public health nursing. While the PHNs do not have the shift work that hospital nursing entails, they do often have evening and weekend work scheduled.

Preventive nursing is very important, the nurses said, and is instrumental in saving government funds which would otherwise be spent on hospitalization. Prenatal classes, counseling new mothers, services offered to senior citizens and well baby clinics are some functions of the public health nurses which have been curtailed during the strike, Ms. McMullen said.

"We feel we are worth as much as they (the hospital nurses) are," the Vice President concluded, nodding her head in the direction of the hospital, as she and Ms. Markovich prepared to resume their marching through the chilly April morning.

PICKET PARADE — Striking members of the Public Health Nurses local find the marching chilly in Elk Point

last Thursday, as they protest wage inequality.

Child identification program coming

The Child Identification Program to be sponsored by the Elk Point Lions Club will be getting underway in the near future, says Lions spokesman John Williams.

Letters explaining the program and asking parental permission to make up an identification card for each child have been sent home with the students of the Elk Point and Heinsburg schools recently.

When the appointed day arrives, each child will have his or her finger prints taken, and along with name, address, birthdate, physical description and any special identifying marks, plus a small picture of

the child, will make up a card, which will then be given to the child's parents for their permanent record. In case of emergency, the parents would then have the card on hand for immediate use.

No dates have yet been set for the sessions, although Williams outlined the order in which the program will be undertaken. Elk Point schools will be first on the list, then Heinsburg, then the preschoolers. The preschool session will primarily involve children over three years of age, although if parents of younger children really want their child done "We'll try our best", Williams commented, adding that tiny fingers

are not usually cooperative when it comes to such procedures.

Williams said that parents of all age groups are most welcome to come and watch their child's card being made up and to collect the completed card. He also stressed the importance of having children of all ages identified through the program, due to the high incidence of kidnapped and missing children across the country these days. The procedure of obtaining a card is simple, quick and free of charge, and it is always better to be safe than sorry.

Elk Point Lions Club Walk-A-Thon Sat., May 4

HEARTY WELCOME — Groups 1, 2 and 3 perform the traditional 'Pryvit', a welcoming dance involving the presentation of bread and salt.

HIGH FLYING FINALE — Calvin Bepalko performs a spectacular leap in the final dance of the evening, the "Hopak".

Dance concert warms snowy weekend

The Elk Point and District Ukrainian Dance Club hosted their 6th annual spring concert on Saturday, April 20, 1985 in the F.G. Miller High School. Despite the spring snowstorm a good crowd was in attendance to applaud the year's efforts of the forty-two member dance troupe.

After a brief welcoming address by M.C. and club president Bev Bepalko the concert opened with the Pryvit, a dance welcoming those in attendance, performed by members from groups one, two and three. This dance culminated with the traditional presentation of bread and salt by members from group one. Following the welcome, the seniors in the colorful Hutsulky costumes, performed the Hutsulky Suite. The Junior group, dancers who have been with the club for two to three years made their first appearance of the evening performing the Kieysky Kozachok. The first year dancers, a group who named themselves the "Tinkerbells" delighted everyone present with their rendition of Molodechyi. Their popularity brought them back with an encore performance in the second half of the program. The second performance by the seniors was the dance called Verhoventzi and group three ended the first half of the concert with the Kozachok.

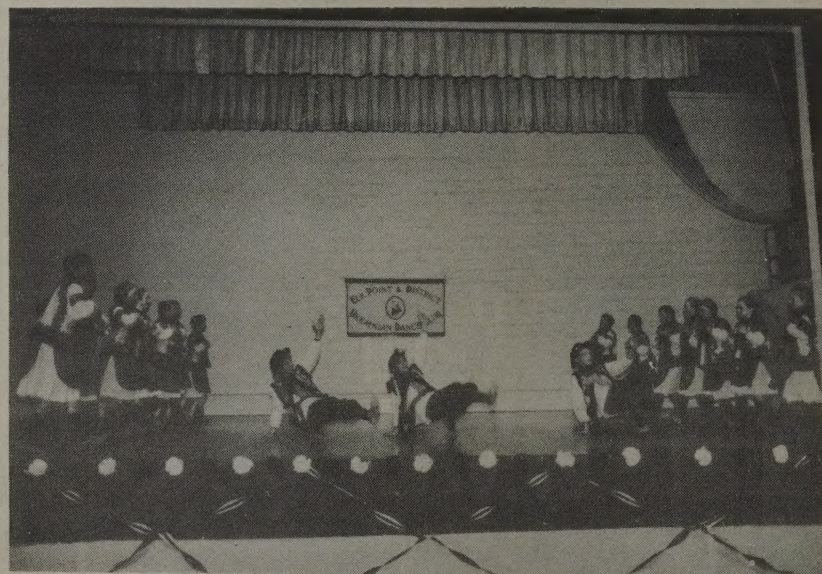

During the intermission the draw for a paper tole Ukrainian dancer, donated by Millie Orr, was made. The winner of this picture was Lynn Kryvenchuk. Also, the final club raffle draw was made for a color T.V. The lucky winner of the television set was Melanie Boratynec. Kim Bugera was recognized for her efforts as top ticket seller with a trophy donated by Vogel's U.F.A.. Club Instructor, George Orlecki, was presented with a gift of appreciation by members of group one prior to the beginning of the second half of the concert.

The second half of the program featured the intermediate group three dancers performing a Hutsulka dance which won them a bronze medal in Vegreville's Pysanka days last year followed by group two's dance called Poltavschina. The final group number called Khersonsky Tanok was performed by group four. The concert closed with a fast moving colorful Hopak danced by members from group three and four.

Due to adverse weather conditions the guests, the Veselka Dancers from Edmonton, who were to perform had to cancel out however, the enthusiastic display of skillful ethnic dancing by our local dancers kept everyone in attendance very entertained.

FIRST YEAR EFFORTS — The six first-year dancers in the Elk Point Ukrainian Dance Club smiled their way through the "Molodechyi".

HUTZUL DANCE — The intermediate dancers donned their elaborately decorated vests for this number.

Apology

Our sincere apologies to RCMP Constable Alasdair MacKinnon whose name has been misspelled in the Review several times. We will try to do better in the future.

Recently it has come to our attention that a large number of bad cheques are being written to the local merchants. These cheques are being written on non-existent accounts, written to accounts with insufficient funds and even being forged on other people's accounts.

The law prohibits the obtaining of anything if done by trickery either directly or through the medium of a contract (cheque). In other words, if a person is to write a cheque, knowing full well that there is no account or insufficient funds and issues that cheque

From the Sergeant's desk

By SGT. JIM FELL

without prior arrangements for credit it is a CRIMINAL OFFENCE, and is punishable by imprisonment up to two years if the value is under \$200.00 or up to 10 years if the

value is over \$200.00.

The local merchants are not happy with this situation and neither am I, do not expect any leniency in these matters, we are working with the merchants to curb this activity.

Much to our delight, the missing truck canopy has been located and returned to its owner. We received information that enabled us to recover the item, many thanks to the individual who helped out.

Our crime of the week dates back over a period of time and is located in the Heinsburg, Frog Lake, and Fishing Lake area. Over the past few months we have had numerous complaints of missing car and truck parts, in particular batteries. The most recent vehicle was stripped on or about the 26th of April, 1985, just south of the Frog Lake Community Hall.

If you have any information regarding this theft, please contact Cst. Alasdair MacKinnon or any member of this Detachment. Your information will be kept confidential and your anonymity will be protected. You need not give your name.

Boxing Club to host first card

On May 4, 7:30 p.m. at the F.G. Miller High School gymnasium, the Elk Point and District Boxing Club will host their first of what they hope will be an annual card. The club was formed in January 1985. The boxers train three nights a week and are dedicated to their sport just as much as minor hockey players, basketball, track and field or any other sport.

These young athletes have represented Elk Point in competition in such centers as Onion Lake, Fort McMurray, Bonnyville, Edmonton and Drayton Valley. The 1988 Olympics is not that far away. Wouldn't it be great to have someone from our town representing Canada in the Olympics? With your support this is a possibility. Just ask Willie Dewitt. These boys deserve a good turn out at the gate and your support could be greatly appreciated.

Dewberry and district news

by CLIFF CUNNINGHAM

The Dewberry Lions held their annual supper on Saturday, April 20th with a dance after their meeting and presentations. Debbie Grey's Grade nine class helped with serving lunch and cleaning up after. Ward's orchestra from Glendon supplied the music for the dance and we had several old-time dances. The turnout was not as large as it usually is as that was the night of the big snow storm and the roads were not in very good shape.

There was a very large crowd at Loren Oneschuk's funeral in the Dewberry Hall on Wednesday, April 17th. He was only 27 years of age. With Rev. Don Lamont officiating, interment in the Dewberry cemetery.

The Dewberry Curling Club held an auction sale in the Hall on the evening of April 18th with a good crowd turning out. They would like to thank everyone that donated things for the sale as their new curling rink cost a lot of money to build. There was quite a lot of Senior Citizens from Dewberry and Clandonald at the Vermilion Senior Citizen's new Drop-In Center opening on April 19th. There was so many Senior Citizens from a lot of other centers that their new large center was so crowded, it was hard to move around in there.

John and Nellie Maltais went up to Edmonton and came back with a new Chev. car.

Jim McDowall is home after spending some time in the University Hospital in Edmonton. Hope you are feeling better Jim.

The farmers should have lots of moisture now as it snowed and blew from Friday evening to Sunday morning. This morning it is all cleared off and not a cloud in the sky. No news was handed in this week, so I don't have too much to write about. Happy Birthday to all that have had a birthday in the month of April. Marge Cunningham's birthday is on April 29th. I think she is like some other women so maybe I better not tell her age.

S.E.E.D. PROJECT

The Summer Employment Experience Development Program (SEED) is an Immigration and Employment Canada program operated by the government of the County of Canada over the summer months. The objective is to provide short-term employment and career development opportunities for unemployed Albertans on project activities for the Town of Elk Point.

The following project positions will run from June 24, 1985 to August 30, 1985. Hours of work will be regular hours (8 hours per day) unless otherwise specified. Rate of pay will be \$3.80 per hour. Applications are to be made directly to the Town of Elk Point.

NOTE: Please submit applications on or before 12 noon May 24, 1985.

RECREATION TECHNICIANS (8 POSITIONS)

FUNCTION: To provide support in municipal and community organization efforts to develop park/recreation areas and facilities.

DUTIES: Operation of equipment and use of tools for the construction of various park/recreation facilities such as ball diamonds, picnic areas and playground.

For more information contact Pat Vincent 724-3810

Nominations
are invited

1985 Alberta Achievement Awards

Every year this program honours individual Albertans and groups who have, through education, sports, the arts, humanities, sciences, agriculture or in some other way, made exceptional contributions to the enrichment of life in our province.

We invite your nominations in any of the following categories:

Performance Awards in sports and non-sports fields for Albertans placing first in

sanctioned Canadian championships, or first, second or third in sanctioned international championships.

Service Awards for accomplishment of national or provincial significance by individuals serving in a voluntary capacity for 10 years or more.

Excellence Awards for extraordinary national or international achievement in a professional/occupational capacity.

DEADLINE FOR NOMINATIONS Friday, June 14, 1985

Write or telephone for full details and nomination forms to:

Help us meet deadlines

Deadlines — we all have them. They are the times and dates by which each of us must have accomplished certain tasks. One deadline just passed a few hours before publication of this issue, as Canadians by the thousands made last-minute, hurried trips to the post office to pop in those long-put-off income tax returns.

We in the newspaper business have deadlines like that every week. All our display advertising, classified advertising and news must be submitted by certain times, in order that it can be set, made up into pages, and sent for print. We in the paper office know these deadlines well, yet still have frequent difficulty in meeting them.

We need your help.

Last-minute calls to cover events are exceedingly hard to fit into a jam-packed schedule, and we would sincerely appreciate at least three days notice of any planned event. If a building is on fire or a tanker overturns, we will do our best to come out at a moment's notice, and if someone is about to present an unexpected donation to your organization, we try very hard to oblige and send someone with a camera.

However, if some meeting or event has been planned in advance, and you want us there, please let us know in plenty of time so that we can plan our schedule to include you.

We would also appreciate getting together with our advertisers

at the earliest possible time each week — Thursday is not a bit too soon to plan your ad for the next Wednesday's paper. This would also insure that our advertising layout technicians have ample time to produce an attractive ad for you. Monday at 5:00 p.m. is the Display Ad deadline, except in very special cases.

Classified advertising may be submitted, up to 10:00 a.m. on Tuesdays, but we would really appreciate all possible classified advertisers calling in on Thursday, Friday or Monday, to save the last minute rush for our typesetters, and to give the proofreaders sufficient time to weed out any mistakes.

Also, please indulge us if your event, which happened on Monday, is not in Wednesday's paper, but is held over the following issue. Time does not always permit us to have photographs and stories ready so quickly. The regular Town Council meetings are, however, an exception, as they have been planned long in advance and we reserve space to put them in the current issue.

To those who contribute stories and articles for our paper, we are really grateful for your material, as it helps us to have a wider range of news. But please, deadlines for these submissions must be kept at noon, Monday, in order to insure their inclusion in the issue.

Please keep these deadlines in mind, and help us to give you the very best weekly publication possible.

ALMOST FORTY DANCERS — Big and small, took part in the concert. Instructor George Orlecki (at left of back row) poses with the entire group.

letter to the editor

Teachers and students wanted

Dear Editor,

We would appreciate your help in locating the following teachers and students who attended the Swedeboro School from 1923 to 1956. They are teachers, Mrs. Jeanette Kemp, Mrs. Gaye Mazur, Mr. Clifford Gullekson and Miss Grace Hampshire and Mr. Alex Saruk. Students Annie Romaniuk, Roy Romaniuk, Dick Mazur, Bill Euruchuk, and Mary Euruchuk.

The Swedeboro School District #4161 (St. Paul School Division #45, St. Paul, Alberta) is planning a reunion on August 3rd and 4th, 1985 for all teachers, students and board members. We have been very for-

tunate in that we think we have found all but the above mentioned people. If anyone else who attended Swedeboro has not received an invitation give us a call.

We are also looking for Elk Point 4-H members Frank Whitford, Holly Wallbaum, Donald Sannachan, Pauline Bassaraba, Brett Ginn, Preston, Jean and Stacey Darnel. We are also looking for leaders, Herb Loewen and George Sannachan.

Any help we can get in locating these people will be greatly appreciated.

Yours sincerely,
Gladys Drobot

The Elk Point Legion now meets on the second Wednesday of each month at 7:30 p.m. in the Senior's Centre.

Caution during 4-H cleanup

Transportation Minister Marvin Moore urged that motorists exercise extra caution on May 4, 1985, when over 9,000 members of the province's 4-H Clubs and Junior Forest Wardens are out cleaning litter from Alberta's primary highways during the 9th Annual Spring Roadside Clean-up.

"Although these dedicated, young volunteers will be wearing safety vests and bright clothing, motorists are asked to watch for these people, who will be working close to the traffic right-of-way along the highways," stated Mr. Moore. The orange litter bags used this year by the volunteers will also help in-

crease their visibility as they work along the roads. The R.C.M.P. and the Highway Patrol Division of the Alberta Solicitor General's Department will provide patrols. The posters, safety vests and garbage bags used by the volunteers will be supplied by Alberta Transportation.

Last year, volunteers from 502 clubs cleaned 7,600 kilometres of Alberta's highways. More than 8,000 children, supervised by 2,800 adults, gathered 54,500 bags of litter.

In the event of inclement weather, the clean-up will be scheduled for Saturday, May 11, 1985.

Lodges hold joint installation

Elk Point BPO Elks and Order of the Royal Purple lodges held their annual Joint Installation on Saturday, April 27, with guests from Lloydminster and St. Paul lodges in attendance.

The officers of both lodges for the ensuing year were installed by the Grand Installing Officer, District Deputy Lemont Cemulini of Lloydminster, and the Supreme Installing Officer, District Deputy Berthe Lafrance of St. Paul.

They were assisted in their ceremonial duties by Assistant Installing Officers, P.E.R. Eru Malanchuk of Lloydminster and P.H.R.L. Alvina Schuhmacher of Elk Point, Installing Secretaries P.E.R. Gary Young and Lady Vicki Brooker of Elk Point, and Installing Chaplain PDD. Lila Yakimec of St. Paul.

The 1984-1985 officers relinquished their collars of office to the Grand and Supreme Installing Officers, and retired to the sidelines. The Installing Secretaries then called the names of the new officers, who were seated in a "V" formation by the Assistant Installing officers, and were later escorted to the station of the Grand and Supreme Installing Officers by the assistants and the Drill Team.

Each candidate for office was then told the duties of his or her office and presented with the collar of their office, before being paraded around the hall and to their new station by their escorts.

Officers of the lodges for the 1985-86 season are as follows:

BPO Elks

Historian — Ron Barwick
Chaplain — Lorn Berg
Tyler — Don Brooker
Inner Guard — Orville Swedgan

Esquire — Lawrence Pidluzny

3 Year Trustee — Albert Boratynec

"A" EVENT WINNERS — Left to right: Lee Wannechko, David Hamilton and Stewart Muirhead had the fastest Kubkars in the rally.

"B" EVENT WINNERS — Left to right: Jean Paul Hurtubise, Cody Kurek and Matthew Cressey pose with their winning Kubkars.

Elk Point Cubs host rally

The excitement of the Indianapolis 500 came to Elk Point Thursday evening, when eight Elk Point Cubs challenged nine members of the St. Paul Cub pack in the annual KubKar Rally. The event was judged by Tom Kebbiewaite of Vermilion, Regional Director of Scouts Canada.

The miniature vehicles and their "drivers" were divided into three events, with prizes also going to the winners of an overall design contest. Prizes were awarded on a "pick your own" basis, and consisted of a number of camping accessories.

Winners are as follows: "A" Event — 1st - Lee Wannechko, Elk Point; 2nd - Donald Hamilton, St. Paul; 3rd - Stewart Muirhead, St. Paul.

"B" Event — 1st - Jean Paul Hurtubise, Elk Point; 2nd - Cody Kurek, Elk Point; 3rd - Matthew Cressey, St. Paul.

"C" Event — 1st - Darren Pilisko, Elk Point; 2nd - Michael Gill, St. Paul and 3rd - Colin Bjorkman, Elk Point.

All three Design com-

petition winners were from St. Paul with Corey Elliott placing first, Jeremy Gerard placing second and Trenton Kulczycki third.

Following the awards, the Cubs, leaders and parents enjoyed refreshments, which included a large and most artistic cake donated by Elk Point Bakery.

Other donations toward the Rally came from: Double S Confectionery, Elk Point Oilfield Service, David Pilisko, Elaine Bjorkman and Alvin Wannechko Welding.

"C" EVENT WINNERS — Left to right: Darren Pilisko, Michael Gill and Colin Bjorkman look happy with their wins.

Heinsburg hosts science fair

Students bringing over fifty exceptional exhibits converged on Heinsburg last Friday for the County of St. Paul #19 Science Fair, with representatives of Ashmont, Mallaig, Lafond, Elk Point and Heinsburg schools taking part.

All displays were judged by teams of two or three adjudicators, who later commented on the high quality of the work involved. All participants were presented with certificates of commendation, but no actual winners were announced.

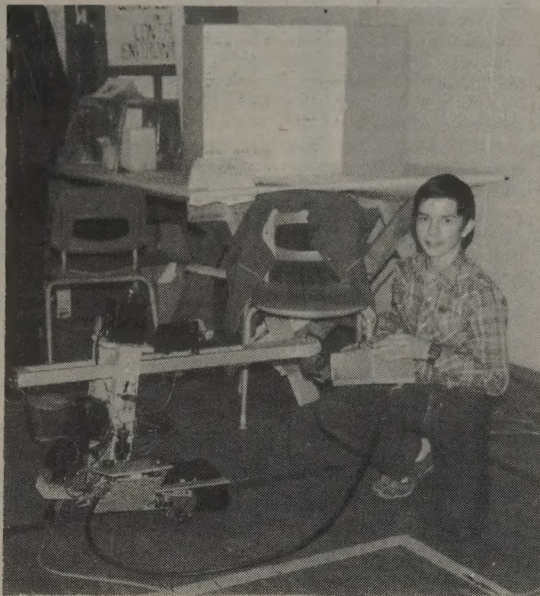

Twelve displays made up Division I, which was adjudicated by Lindbergh lawyer Gabrielle Bayduza and Frog Lake teacher Gwen Nelson. Ms. Bayduza noted that she and her partner had looked for signs of originality as they went over the exhibits.

Special mention in Division I went to "Sounds I Can Make", exhibited by Carolyn Graus, a display of cereal plants by Sylvie Michaud, and a "House of Plants" by Carollee Kwaitkowski, all of Mallaig. Councillor Bob Smith presented certificates to all Division I entrants.

Division II spokesman and local farmer, George Sanders, said on behalf of fellow adjudicators Kirsty Ross, District Agriculturalist, St. Paul, and Shirley Osinchuk of Clandonald, that his group had enjoyed examining the "very outstanding projects". He gave special mention to "The Importance of Trees", by Alexandria Skawronski and Loretta Smuk of Heinsburg, "The Pheasant" display by Cory Twarog, Jason Gunderson and Trent Krider of Heinsburg, "Direct Current Electricity" by Colin Bjorkman of Elk Point and "Popping Corn" by Anita Michaud and Diane Purificati of Mallaig. Elk Point School Board representative, June Stone, presented the Division II certificates.

Jim Boyd, a Heinsburg cattleman, represented the Division III adjudicators, who also included retired teacher Harry Uniat and Public Health nurse Lois Sheplaw, both of Elk Point. All found the displays "very knowledgeable".

The outstanding entries in Division III were many and varied, including a robot made by Alton Stone of Elk Point, Morse Code exhibit by Cynthia Adkins of Elk Point, a heartbeat monitor by Heath Good of Heinsburg, a clean water display by Katherina Ludlage of Elk Point, an oil well by Michael Webb of Ashmont and an innovative artificial arm created by Douglas McKendrick of Ashmont. County Councillor John Zenko presented certificates to these participants.

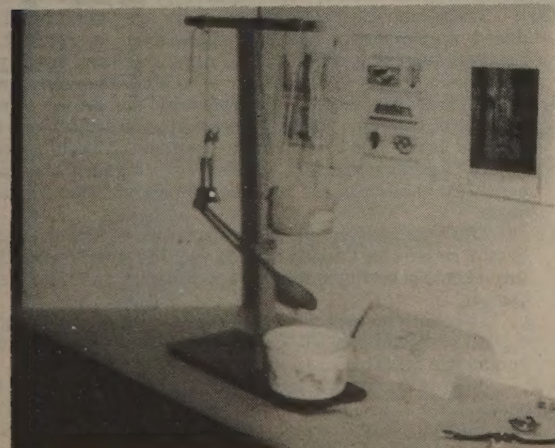

ROBOT CREATOR — Alton Stone of Elk Point shows off his mechanical friend, which took many hours and much imagination to construct.

BIRD BEAUTY — Cory Twarog, Jason Gunderson and Trent Krider constructed this colorful display about the pheasant.

BUSY BEE — Alexandria Skawronski and Loretta Smuk of Heinsburg show the many functions a tree performs.

DRIP, DROP — Robin Yakemchuk's Water Clock dinged the minutes away at the Science Fair.

from the legislature

By JOHN DROBOT
St. Paul Constituency

The Alberta Legislature reconvened after a short Easter break. A large amount of government Bills are yet to be considered as well as Private Members Bills.

Challenge Alberta, a 32.7 million dollar Federal-Provincial initiative, will create 16,500 positions of summer employment for Alberta students. The Alberta government has allocated 20 million dollars to S.T.E.P.. This program will operate from May 1st to August 31st and will employ 10,000 students. There are 4 S.T.E.P. programs with employment opportunities.

Various provincial government departments will employ 1,800 students at \$5.50 per hour. Jobs in local communities will be available for 6,500 students. Eligible employers are non-profit organizations, school boards, municipalities and agricultural societies. The government will pay minimum wage and 10 percent of the subsidy toward employee benefits.

Farm employment for 900 school students. The government will share the costs of participating farmers to a maximum of 300 dollars a month. Employment and career

16,500 summer jobs for students

related experience will be available for 1,000 post-secondary students in veterinary medicine, recreation, law enforcement and wildlife.

The Federal S.E.E.D. program will provide employment for 6,500 Alberta students. The government will pay 50 percent of wages with a maximum of \$3.00 per hour paid by the private sector employers to students. Application forms can be obtained by contacting Canada Employment centres or Alberta Manpower.

In addition to these programs, Hire-A-Student, Job Research and Placement program will be operating again this year in 77 Alberta communities.

I have received many calls and letters relating the concerns expressed by our pork producers and the United States hog countervail which is very discriminatory of our pork producers.

In the agricultural sector, a new round of multi-lateral trade negotiations are underway and will show whether or not our Federal government will support agriculture.

In this province, our White Paper, Proposals for an Industrial and Science Strategy for Albertans 1985 to 1990, publicly recognized the needs for agriculture.

Better marketing, research and development are some of the needs of agriculture in the immediate future.

The Alberta pork industry has had a serious setback in the United States countervail on Canadian hogs. The Alberta government White Paper gave an opportunity for pork producers to express their views on the pork industry.

The location of the hog industry in Canada is largely determined by the grain transportation and feed grain policy and in more recent years by the incentive policies of various provincial governments. The Alberta pork industry has been disadvantaged by such government policies which reduce our competitive advantage.

It is unfortunate that hog producers of one province compete against the provincial treasuries of other provinces.

Should we return to a market economy, the regions that produce the feed grain would also produce grain fed livestock. On such a basis, it would not be unreasonable for Alberta to produce one third of Canada's hogs. We must get away from balkanization of our provinces and move to a market economy in Canada.

With the difficulties currently experienced in the pork industry, significant herd liquidation is underway. The expected reduction could reach 30 percent. This is unfortunate and the subsidization of hog production in other Canadian provinces mentioned on Page 21 in the White Paper continues to this day. Our Provincial Minister of Agriculture has made every attempt to incorporate all provinces into a red meat stabilization plan.

The Pork Producers Market Insurance plan, the Emergency Stop-Loss program before that were much appreciated by our pork producers. If they had not been implemented our hog industry base would have eroded a long time ago.

On April 11th, it was announced that the provincial government approved construction of a new one million dollar swine research facility at the University of Alberta. This is a fine example of Alberta government commitment to research in agriculture.

The Alberta Food Processing Department centre at Leduc to assist and promote agricultural processing. The Swine A.I. Unit at Leduc, to help improve swine genetic base. The assistance by the International Marketing Division of Alberta Agriculture in the market development field. The assistance of Alberta Agriculture in promoting increased domestic pork consumption through various programs.

Special assistance by Alberta government in being helpful in advice and knowledge given recent countervail duty imposition.

We assisted the pork producers in promoting sales and encouraging the development of the proposed tripartite stabilization program for hogs.

The Government of Alberta is utilizing an employment program in concert with an extended training program, to provide an opportunity for further development and employment to beginning teachers. Local school boards will be able to employ prospective and beginning teachers in programs that will contribute to their professional growth. Our children will be the beneficiaries of this project.

The Initiation to Teaching Project has been established for a two year period, beginning in September, 1985 and ending June 30th, 1987. Each year, 900 recent Alberta graduates of Faculties of Education will have the opportunity for employment in an internship environment in Alberta schools. The project will facilitate the transition from student to professional teacher.

Alberta Education will provide a grant to school jurisdictions of up to \$5,460 per participant. Alberta Manpower will provide a grant of up to \$7,800 per participant. With local school boards providing \$2,340, the participant employed in this program will receive a salary and benefits package of up to \$15,600 for the school year. The total cost of this program is expected to be approximately \$14 million.

Eligibility for the project is limited to individuals who have been Alberta residents for the last three years, legally entitled to work in Canada, who:

- Have graduated from Alberta approved teacher education program during the last 18 months;
- Have been 4 months unemployed or are employed in positions unrelated to their academic and/or experiential qualifications;
- Have had no previous employment as a full-time teacher;
- possess of be eligible and have applied for an Alberta Interim Professional Teaching Certificate.

As we look to the future of Education in Alberta, this program is an intern environment in improving the classroom effectiveness of our graduating teachers.

Quite often I get the comment that the government places too much emphasis on the oil sands projects. Well, let's take a look at a Canadian Energy Research Institute (CERI), an independent research institute which did an analysis of a small scale oil sands project at Wolf Lake. This analysis provides a unique documentation of employment and income benefit of an energy project which has been completed.

(CERI) reports that the construction and operation of the Wolf Lake project in Alberta will create 22,000 person years of employment nearly 20,000 person years of this total employment will flow from the 25 year operating phase of the project and 2,000 person years from the construction of this project.

Ontario and Quebec will gain 35 percent of employment created and Alberta 55 percent. The balance will be shared among other provinces. About 6,700 person years are directly related to construction and operation of the project and provision of goods and services required by the project.

The remaining 15,500 person years are indirect and induced employment. Indirect employment is created in business supplying goods and services which sell directly to the project. Induced employment is created when consumers spend increased income generated by the project. Total revenue of 1.7 billion will be generated by the project with the Federal government receiving 10.6 percent, Alberta government 10.3 percent and B.P. and Petro Can together at 9.1 percent. The balance of the revenue, 70 percent, goes to cover costs.

This small project alone will generate 2.2 billion dollars in total income for Canada in its 25 year life with 71 percent of this income occurring in Alberta and 16 percent in Ontario and Quebec.

The construction cost of the project was 114 million and is typical of the smaller less capital intensive projects that can commence quickly.

Other oil sands projects under construction and planned should have a similar economic impact in N.E. Alberta. Present plans for Wolf Lake call for an expansion of 35,000 B/D by the end of the decade which should create a further 85,000 person years of employment.

ON MAY 4, OVER 9000 YOUNG PEOPLE WILL BE CLEANING UP ALBERTA'S HIGHWAYS.

Every year on a Saturday in May, a group of young Albertans make a special effort to clean up Alberta's highways.

Over 9000 members of our 4-H Clubs and Junior Forest Wardens will take part in removing the litter left along Alberta's roadsides by careless motorists. More than 7000 km of provincial primary highway right-of-way will be cleaned and about 54,000 refuse bags will be filled.

Saturday, May 4th, is the big day.*

Although these young people will be wearing safety vests and bright clothing and supervised by their parents and leaders, you, as the operator of a vehicle that day, must be extra cautious.

Watch out for our young volunteers!
Look for the road signs!

Please do your part. Use extra care and caution. Drive safely while these young people are on our highways.

They'll be working hard all day to make sure Alberta's highways are clean, neat and tidy for the summer season ahead.

The very least we can do is make sure they all return home safely Saturday night.

W. M. Moore
Minister of Transportation

Alberta
TRANSPORTATION

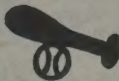

*In the event of inclement weather, the clean-up will take place the following Saturday, May 11th.

DO YOUR PART. DRIVE WITH EXTRA CARE AND CAUTION.

Recreation Corner

by NEIL McMANN

GRANT APPLICATION DEADLINE — All the community organizations and clubs that are applying for a grant must have their C.R.C. application in by May 10 (next Friday). If you have any questions or need any help phone the Recreation office at 724-4074.

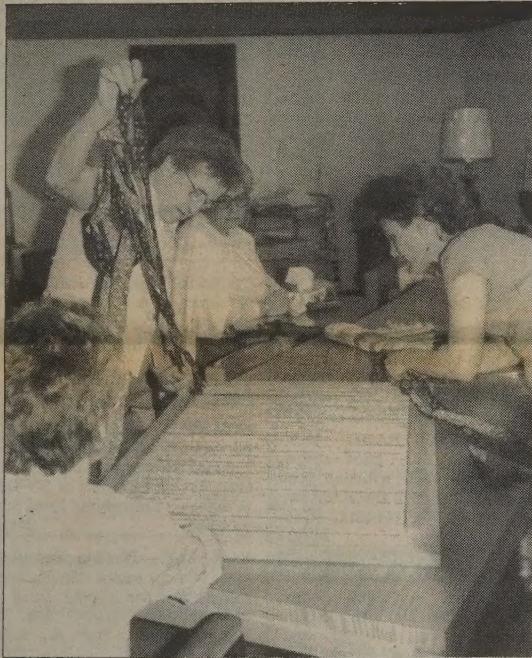

HEINSBURG FASTBALL TOURNAMENT — A fastball tournament at Whitney Lake Ball Park is scheduled for June 1st and 2nd. The first paid 16 men's teams and 8 ladies teams will be accepted. Entry fees are \$150.00 for men with a first prize of \$1,000.00 (A Event) and \$75.00 for women with a first prize of \$400.00 (A Event). Entries can be mailed to Kent Boyd, Heinsburg, Alberta T0A 1X0 or Phone 943-2141.

PEDAL PUSHERS — The course will go this Saturday May 4, at 10:00 a.m. at the arena. If you were late in pre-registry for this bicycle safety course and want your children to take part, please show up at the arena at 10:00 a.m. For more information phone 724-4074.

HUNTER TRAINING COURSE — The Elk Point Gun Club is offering a Hunter Training Course on Aug. 10, 11, 17 and 18. The course includes gun safety, first aid, information on law, survival, etc. The fee for the course is \$10.00 if the participant wants range shooting, and \$5.00 for no shooting. It is required that the person be at least 13 years of age.

Adventures in rug weaving

Elk Point Hospital's long term patients reminisced about the rug making techniques of yesteryear on Friday, as Mrs. Cecile Preville of St. Paul demonstrated the construction of a rug from cloth strips and twine.

OVER AND UNDER — Mrs. Cecile Preville demonstrates a method of rug weaving, using a frame strung with twine as a base.

Using a loom and materials supplied by Natalie Hammond of Elk Point, Mrs. Preville wound the nail-studded wooden frame with twine, then took up a large ball of brightly colored cloth strips and measured off a generous length. With the centre of the strip fastened at the corner of the frame, the process of braiding and weaving began, with Activities Aide Carolyn Onusko following each step on the opposite side of the frame, until an attractive and durable mat took shape.

One never ceases to wonder at the variety of interesting demonstrations and crafts Ms. Onusko and her assistant, Angie Lesyk find to make this weekly hour always a real adventure.

Curling Club lottery

Elk Point Curling Club has announced the winners of their April draws. On April 5, Dr. Bruce Kleeberger held the lucky ticket, while Bill Marceniuk was the April

12 winner. Peter and Anita Ballas shared the April 19 win, while Norma Lorenson was the final winner for the month on April 26.

Century 21

By Order of the Board,
Arlene J. Moore
Corporate Secretary

card of thanks

MICHAEL, Karen

Sincere thanks to all those friends and relatives whose cards, letters, floral tributes, contributions to charity, gifts of food and others kindnesses sustained us in our recent bereavement.

Special thanks also to Dr Pabsh and the other doctors

and nurses who took such excellent care of Karen; to the minister, choir and organist of the Elk Point United Church; to the Pioneer Circle ladies; to Yewchin's Funeral Chapel; and to all others whose hands reach out to us.

In appreciation
Richard and Rick Michael

Scholarship for essay winner

Young Drivers of Canada in co-operation with Goodyear Canada Inc. is pleased to offer a University Scholarship to the author of the best essay on the topic "Drinking and Driving Must Stop!"

There are too many young Canadians involved in serious accidents. Through this competition, Young Drivers of Canada and Goodyear endeavour to stimulate collective thought on the part of high school students from coast to coast.

The scholarship will cover tuition fees for a maximum of three years at any Canadian University of Community College and a one time cash award of \$500.00 for books, etc.

This International Youth Year Project is open to all secondary school students presently enrolled in grades 11, 12 and 13 (or in C.E.G.E.P.). The closing date for entries is June 15th, 1985.

The essay should be approximately 1500 words and each school may submit one (1) entry only in either English or French, with each school selecting the best essay from those presented by its students.

An independent panel of judges set up by Young Drivers of Canada and Goodyear Canada Inc. will select the national winner. Emphasis will be placed on writing ability and content.

The winner will be notified September 3, 1985 by telephone or mail. Presentation of the award will be made after this date. The Scholarship will be held in trust for the winner until such time as he or she enters college or university.

The essay contest provides students with the opportunity to win a scholarship to further their education but most importantly it makes them think about the ever increasing problem of Drinking and Driving. It is at this very impressionable age that young people develop attitudes for life. Help us make them good ones.

Contact: Monique L. Vezina, Young Drivers of Canada.
Tel: (416) 422-5577.

Lakeland Country

by EVA CARSON
Lakeland Tourist Association

Lac La Biche, Alta. is located 136 miles north east of Edmonton, at the junction of Highway 36 and 46 on the shore of a magnificent lake. It is 125 miles from the Yellowhead Highway at the intersection 12 miles east of Vegreville and on the Northern Woods and Water route.

The town of Lac La Biche is in the heart of one of Alberta's most important natural recreation areas, and the community offers all of the services and amenities to make the tourist feel welcome. Serving the community are drug stores, department stores, grocery stores, confectioneries, sporting goods stores, hotels, motels and service stations. Lac La Biche also has to offer a modern hospital, hockey arena, curling rink, golf course, ski hill and a snowmobile trail. Transportation include a recently refurbished air strip as well as regular bus and rail connections.

When translated into English, "Lac La Biche", is "Lake of the Hind", or, less colorfully "Elk Lake". When David Thompson, working for the North West Company, established the first fur trading post on the shores of this lake in 1798, he knew it as Red Deer Lake.

Thompson was followed one year later by Peter Fidler of the Hudson's Bay Company. For the next generation the "Little Divide Portage" between Lac La Biche and the Beaver River carried nearly all the traffic between eastern Canada and the enormous MacKenzie drainage.

Mission work was begun in the Lac La Biche district in 1844. Reverend J.B. Thibault of the Oblate Fathers visited the area three times before 1851 and in 1851 Bishop A.A. Tache arrived at the Lac La Biche mission then located on the site of the modern town, accompanied by a young religious man by the name of Albert Lacombe.

The mission was organized officially on October 5, 1853, by Father Rene Remas, OMI. In 1855, the mission was moved four miles west of Lac La Biche by boat. This mission is now a historic site.

To compliment the historic attractiveness of Lac La Biche is the McArthur Inn, currently undergoing renovations and restoration to bring the inn back to its original style. The MacArthur Inn was built in 1916 as a resort hotel by J.D. MacArthur builder of the Alberta Great Waterways Railway. The inn was closed in 1919 due to a lack of success and an unfortunate drowning incident on the lake. The inn was later opened and used as a hospital until the early 1980's when it was declared as a historic site.

Sir Winston Churchill Park is located on an island

joined to the mainland by a causeway, the park has an area of 591 acres. Attractions include 77 camping units. 3 picnic shelters and 175 tables. There are sanitary facilities, change houses, camp stoves, boat launching ramps, hiking trails and long natural beaches. At the north end of the island are viewpoints from which one can look out over two small rocky reefs, together known as Pelican Island, and watch great white pelicans soaring over the water.

There are over 50 large lakes within a sixty mile radius of Lac La Biche. Lac La Biche has excellent fishing and camping facilities, both private and public and a maze of island and narrow passages that it would take a week of boating even to begin to explore.

Various hunting and fishing lodges are maintained at several wilderness locations in the Lac La Biche district and for the adventurous sort there are dozens of unnamed and unvisited lakes sprinkled over a wilderness as lovely as eyes could hope to see.

This is the land of untutored fish and the long, lonely cry of the wolf. Visit another country, visit Lac La Biche.

Elk Point hospital auxiliary holds April meeting

Fifteen members of the Elk Point Hospital Auxiliary gathered in the hospital meeting room, April 22, for their first meeting under newly elected chairman, Wasy Elashuk. Following an hour spent in preparing rags (sold as cleaning rags) the meeting opened at 8 p.m., as usual, with the Auxiliary prayer.

Following roll call, minutes were read by secretary Agnes Moroziuk, and accepted as read. Treasurer Violet McFadyen reported on the finances of the group. In the past month income received amounted to over \$600, Memorial donations were \$60, and expenses topped \$900. This included the purchase of a number of over-bed tables for the hospital. These had not been received at meeting time.

Calendar booklets ordered last month were on hand and are quite attractive. These will be offered for sale soon. McFadyen reported sales have been steady at the canteen, with Mrs. McQuaig opening for sales each Wednesday.

Hospital Day, May 10th, will be observed by the Auxiliary with their annual Tea, Sale of Home-baked goods, and Bazaar. All donations to this event will be gratefully received. The public will be welcomed to Tea in the Elk Point Hospital cafeteria between 1 p.m. and 3 p.m. on Friday, May 10th, with Bazaar and Baked items offered for sale in the front Waiting Room. This annual fund raising event has seen some beautiful crafts offered and what comes in handier than some home-baked goodies? Do plan to at-

tend, the members urge.

The members then planned the "workings" of the Tea, with the many tasks and details allotted. Elsie Oreschuk, in charge of raffle tickets for the hand-hooked rug, and the wall hanging, reported sales had been going well, and requested all members get their ticket stubs in by May 7th. (These may be handed in at the Hospital).

Members were asked to bring paper bags for the sale, and all donors of articles are asked to please price your work before bringing it in, as only you know what cost and effort you put into it.

There have been five Volunteers working at the hospital past year, it was reported. Some token of appreciation will be offered. There is a Scholarship of \$100 offered to any Elk Point student entering the nursing profession training, upon application. This was set up by

the Auxiliary to honor Dr. Anne Weigerink. To date only one person has applied for this scholarship. It is advertised in the schools.

Presentation of collector's teaspoons for "perfect attendance" by the Auxiliary has been discontinued. Tray favors of carnations will be ordered for all patients in the hospital. More WE CARE pins will be ordered. These attractive pins are worn by the members, and others interested in the work of the Auxiliary.

The Regional Conference will be held May 16th, and is in Ft. McMurray. Two members are funded to go, by the Hospital Board. Agnes Moroziuk and Violet McFadyen were chosen to attend this one-day event.

Two delegates from the United Grain Growers, Local 442, arrived at the meeting.

Steve Seniuk, President, and John Zayonce, Secretary, then presented Chairman Elashuk with a donation of \$50, on behalf of the grant received from U.G.G. annually for such purposes, and, as Mr. Seniuk stated jokingly, "Farmers are always getting into the hospital for some reason!"

Mrs. Elashuk thanked the delegates and the U.G.G. for their generosity, and assured them it will be put to good use. A round of applause came from the members.

Application will be made at once to obtain a valid charitable organization number, so receipts offered for donations may be used for Income Tax purposes. Apparently those in use have been challenged.

The meeting adjourned at 9 p.m., with light refreshments offered. Next regular meeting will be May 27th, same time and place.

UGG DONATION — Local director Steve Seniuk presents a cheque to Hospital Auxiliary President Wasy Elashuk, while UGG Secretary John Zayonce and Auxiliary secretary Violet McFadyen look on.

Alberta leads with new utility location service

EDMONTON — The Alberta First Call Location Service is breaking new ground as the first province-wide cooperative utility location service in Canada.

That's probably because the need for it is greatest here, according to Ken Digweed, president of the Alberta One-Call Location Corp. which is sponsoring the Alberta First Call Service.

"The energy industry has given Alberta one of the most extensive networks of underground pipelines in Canada," Digweed explained. "That, plus buried electrical and telephone lines have increased the chances of a serious incident while excavating, so the service is definitely needed here in Alberta," he continued.

He explained that a 1979 study by the Energy Resources Conservation Board (ERCB), Alberta Utilities and Communications and the Canadian Petroleum Association showed that 8,500 reported cases of damage to buried facilities due to excavation had resulted in costs of more than \$4 million. This figure did not even take into account the costs of interrupted service, liability for property damage, personal injury, legal fees or administration caused by such incidents.

Some regions of the U.S. have reported up to a 70% reduction in damage to underground facilities since the implementation of systems similar to the one now

operational in Alberta.

Digweed explained that the First Call service is an easier method for excavators to locate underground facilities, since one toll-free telephone call to 1-800-242-3447 will notify all member utilities of excavation plans anywhere in Alberta.

He added that Alberta First Call is working to include all Alberta pipeline companies and utilities (including the many operated by municipalities) in the system.

This would allow a single phone call to locate all facilities anywhere in the province. Currently, callers are informed that not all companies are members, and that contractors are still responsible for notifying non-member utilities of excavation plans.

"It's pretty obvious that once everyone is a member, the safety of both the general public and excavators will be increased," Digweed said. He added that a province-wide membership drive has been going well, with new companies being added each month.

Reaction to the new service has generally been positive, he said, and calls to the First Call centre have averaged close to 3,000 per month since it became operational in October, 1984. The first major test of the new system is expected in May, traditionally the heaviest month for excavation and construction activity in Alberta.

LAST WEEK TWO MORE CONTRIBUTIONS — Were made to the Elk Point Library building and equipment fund. Erika Bender presents library board member Ila Borowsky with a cheque from the Pioneer Circle. Gordon McCuaig, on behalf of Westmin Resources, dropped into the regular library board meeting and presented a cheque of substantial amount to Darlene Sereda chairperson. There is \$3,900.00 in the fund now. Our goal is \$10,000.00.

4-H in review

by ELENA DROBOT

Mr. Don Pinder joined the Elk Point club as leader in 1969. His assistants were Peter Ference and Clifford Swedgan. The club had ten members, three girls and seven boys, as well as two peewees. Peewees are people too young to become regular members. 1969 was the first year the Elk Point club had a Junior Leader. The Jr. Leader was Raymond Ference and he was in charge of recreation. Club Officers were Raymond Ference, president; David Shankowski, vice-president; Joyce Ference, secretary-treasurer; and Linda Swedgan, club reporter.

1970 saw Mr. Pinder as leader of the club once again. Assistants for 1970-71 were Peter Ference and Ronald Flanders. Raymond Ference remained with the club as Junior Leader and President, while Joyce Ference kept her position as Secretary Treasurer. Cheryl Lindquist became the new vice-president and Elaine Nelson was club reporter. That year saw eighteen regular members, five girls and thirteen boys as well as four peewees, one girl and three boys.

Mr. Don Pinder was the first leader to have any former 4-H background. He belonged to a swine club in about 1929. His daughter Carol, was a 4-H member for three years. Carol took reserve Championship in 1966 — trophy donated by the Elk Point Medical Clinic. She also took home a showstick for showmanship, donated by Mr. David Didow. Carol took the Grand Championship, winning a silver tray donated by the Canadian Imperial Bank of Commerce, St. Paul. She also took home another show stick once again donated by Dr. Didow.

During Mr. Pinder's two years as leader, the club members went to the Edmonton rodeo in March, bowling in St. Paul, had a toboggan party and a curling bonspiel in Elk Point. Participating 4-H clubs were Heinsburgh, Derwent and St. Paul. They went on local calf tours ending with a picnic lunch and ballgames. Mr. Pinder said he became leader because of his interest in cattle and young people.

Mr. Pinder, we would like to thank you for keeping the club active and interested during your two years of leadership. Without people like you, 4-H would not have lasted for twenty years.

Milk has always been known to aid in children growth and development. But adults can also benefit from the goodness of dairy products.

Milk and milk products are the major source of the mineral calcium. If calcium is deficient in the diet a disease called osteoporosis may occur in later life. Osteoporosis is a disease in which bone mass is lost as a result of the depletion of bone calcium. Fractures occur if the condition progresses far enough.

Where osteoporosis is concerned, the adage "The best defense is a good offense" really does hold true. The best advice for avoiding osteoporosis is to build dense bones when you are young. This is particularly important for women because their bones are less dense than men. The easiest way to do this is to eat foods rich in calcium. The calcium in milk and milk products is in a form that is easily released to the body. Pasturization, homogenation and UHT sterilization do not affect the availability of milk calcium. Neither does the addition of chocolate to milk.

Excluding dairy products from the diet makes it difficult to obtain calcium because of the bulk of other foods required to provide the necessary amounts. If you have not acquired a taste for milk it can be easily incorporated into food dishes. Try adding milk powder to casseroles or meat loafs, use milk in cream soups and sauces.

The Recommended Dairy Nutrient Intake for calcium is 700 mg for women ages 16 to 49 and 800 mg for women over 50. An 8 oz. glass of milk has approximately 300 mg of calcium. Depending on the type of cheese, a 1 oz. serving of cheese supplies between 175 mg to 430 mg of calcium. For a more complete list of calcium rich foods contact my office.

"Drink your milk" can be a phrase used for the whole family.

Mother's day is just around the corner. I have a suggestion for a unique and special gift; a gift certificate to attend Alberta Women's Week.

AWW is sponsored by the Home Economics Branch of Alberta Agriculture and will be held at Olds College from July 22 - 25. "The Best Possible You" is this years theme and your special lady can choose from a banquet of select-a-session topics.

Drop by my office for the gift certificates or more information.

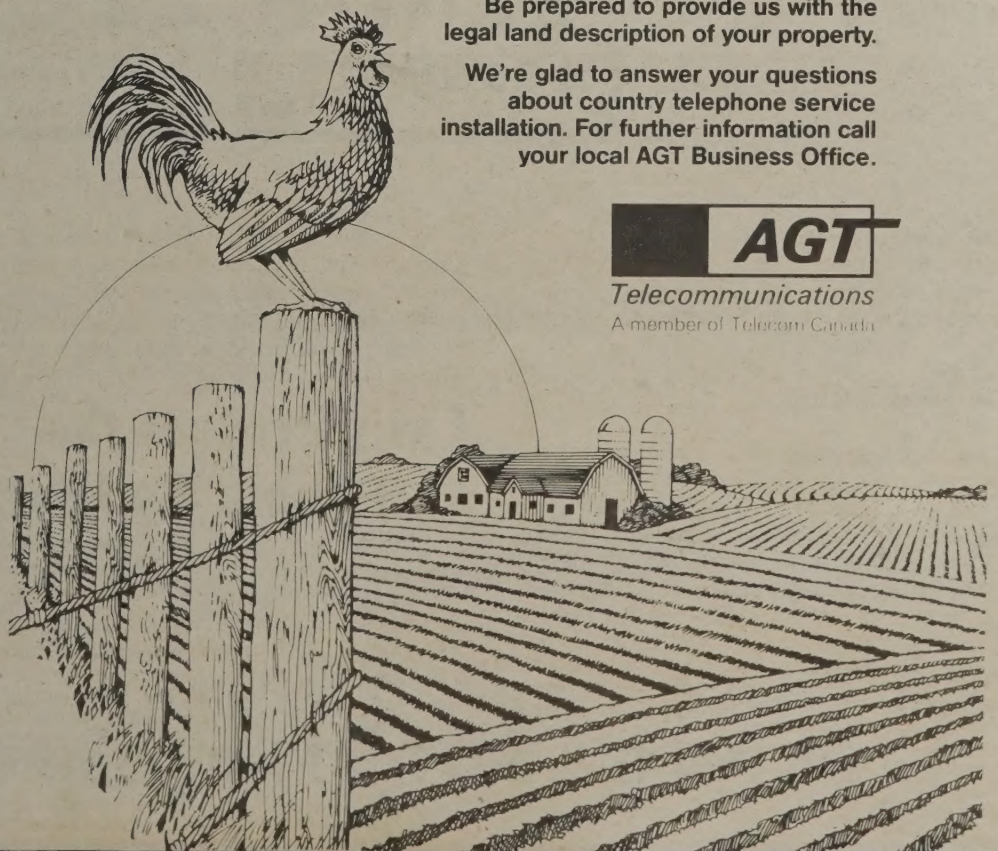

Before you build in the country give AGT an early call

Call AGT as soon as you start the foundation of your summer cottage, acreage home, farm, rural business, or when you install your on-site mobile home or trailer.

Since all rural telephone lines are installed underground, we need time to make sure the cable is in place and ready to connect your service.

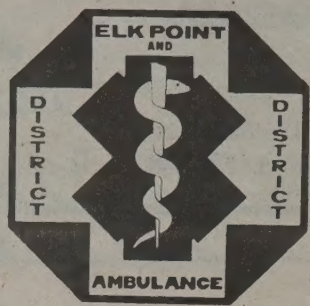

Be prepared to provide us with the legal land description of your property.

We're glad to answer your questions about country telephone service installation. For further information call your local AGT Business Office.

... WHEN AN EMERGENCY ARISES! ...

Unfortunately, a panic situation strikes most homes at one time or another and we all think; well it couldn't happen in our home! Well it happened to me approximately 4 years ago; my father was choking — gasping for air — PANIC STRIKES! I realized my father needed an ambulance; but I couldn't remember the phone number and I was trembling so bad, I couldn't locate the number in the telephone directory. I

finally dialed the operator and asked her to complete the call for me. The ambulance was stationed 4 miles east of our home; but do you think I could give the directions, I took for granted everyone knew where we lived; our family name was a well known business name in the area. Luckily, one of the ambulance attendants knew where we lived and assistance arrived in time. The moral of the story is — we can all be a victim of these circumstances at one time or another.

During the past year, we have received several panic ambulance calls; whether it be a motor vehicle accident, a heart attack, a stroke, a choking victim, a drug overdose, a suicidal attempt, or a mother in labour — **TIME IS THE ESSENCE!** Please don't be a victim like many of us have been in the past; like myself, we suddenly draw a blank and surprisingly enough, we can even forget our names — whether it be a town address or directions from a well known local landmark, let's avoid this from happening to you.

Unfortunately, the residents of Elk Point and local rural areas are familiar with using a Box Number for a mailing address and we seldom use our house and street numbers; being the main cause for us not being able to give an exact location, when necessary.

To help prevent this problem from happening in your home, our new local and Zenith ambulance stickers provide you with your necessary emergency numbers and a space provided for your address or directions to your home — (LOCATION: _____); which you will be receiving by mail this week. Your babysitter, visiting friends or relatives may not know your address; should an emergency service be required in your home; whether it be Ambulance, Hospital, R.C.M.P. or our local fire department in the Elk Point area.

The Emergency Service which you have requested must be given as much accurate information as possible. Only You Know your exact location; the emergency service may not be familiar with you personally; so in order to respond immediately you must be able to give exact directions or an exact town address. PLEASE fill in the location indicator on your emergency stickers.

Remove backing from sticker and place your emergency numbers near your telephone, where it can be readily available and easily seen by anyone in your home. Please take the time to familiarize your family with these numbers. They could save a life!

Let's Protect the People We Love!

For anyone who does not receive this emergency sticker by mail, please feel free to call us at our private resident number (724-4020) or enclose your name and address to Elk Point and District Ambulance Services Ltd., Box 474, Elk Point, Alta., T0A 1A0.

Area residents who live east of the Salt Plant — we have had an ambulance based on Bob Smith's Farm in Heinsburg for the past eight months. This service was based for the purpose of providing a better response time to the residents near the Heinsburg Area and all areas south of the river including the Oil Patch.

Should you have any enquiries or concerns about our service, please feel free to contact us at anytime.

WE CARE!
